

## **DR. KAREN ANDREWS: ANAPHYLAXIS BASICS AND SUMMER WOES: BEE STINGS AND ORAL ALLERGY SYNDROME**

Please join us on Wednesday, June 28, 2017, at 5:00 pm at the Boulder Medical Center - Broadway location (2750 Broadway, Boulder, CO 80304). We will meet in the board room on the 3<sup>rd</sup> floor.

**Karen Andrews, MD** is Boulder Medical Center's adult and pediatric Allergy and Immunology specialist. She is Board Certified in Allergy, Asthma and Immunology, and she is SAFE's own Medical Advisor! Dr. Andrews will be speaking to us about anaphylaxis basics and providing us with essential tips on recognizing and treating anaphylaxis through practical hands-on scenarios. She will also discuss allergies to insect stings and Oral Allergy Syndrome (OAS) now that the pollen season is here!

**We will serve light refreshments and snacks, and we'll be giving away a prize to one lucky attendee!**

*\*This project was made possible through a community grant from Food Allergy Research & Education (FARE)*

**JOIN US ON  
WEDNESDAY,  
June 28, 2017,  
5:00 TO 7:00 PM**
